

PRODUCT DATA SHEET

Article No. 64.412.0 - Niobe Blue Wns Low S3 ESD SRC

- Protection: steel cap and flexible FAP® midsole
 - Plus: ESD, toe cap protection
 - Upper: smooth full leather
 - Lining: BreathActive functional lining
 - Footbed: evercushion® BA+
 - Sole: double density PU sole **naturalFLEXMOTION™** with iCELL-element, very flexible, extreme cushioning and slip resistant
- Sizes / Width: 36 - 42 / F

DGUV
112 - 191

naturalFLEXMOTION™

The double density PU sole consists of an enormous soft and cushioning PU midsole and a very flexible PU outsole. The wafer profile provides extra support on industrial floors, is easy to clean and offers firstclass „LadderGrip“.

FAP® Flexible Anti Penetration

The flexible anti penetration midsole made out of ceramic-coated fibers, protects the feet completely from penetrating objects.

iCELL

The hard-wearing honeycomb structure of the iCell element improves the cushioning while enhancing the shoe's stability, guidance and comfort.

SteelCap

New developed SteelCap with more space for the toes for more comfort and with a special fit for ladies' feet.

evercushion® BA+

This anatomically shaped, moisture regulating footbed has a nonslippery surface. Two layers of foamed polyurethane in different densities guarantee an active cushioning. The heel and ball elevations as well as the support of the longitudinal arch improve the foot's hold. Furthermore they ensure a natural position of the foot, a relief of pressure and muscle stimulation during walking.

Upper

The upper is made of robust full leather. The smooth and soft material offers more protection from penetrating moisture and it is easy to clean.
